

CALL FOR AUCTION ITEMS

Alaska Power Association 59th Annual Meeting

The annual ARECA Educational Foundation auction funds the Hank Nikkels Scholarship and the David P. Hutchens Scholarship administered by the ARECA Educational Foundation. Your contributions and participation in this annual event helps to ensure future electric utility leaders have an opportunity to further their education in the electric power industry and also helps to send a high school student to the National Rural Electric Cooperative Association Youth Tour of Washington, DC to represent not only their home utility, but the entire APA membership.

AUCTION ITEMS are needed for the ARECA Educational Foundation auction to be held immediately following the APA Awards Banquet on Thursday evening. This year, our host, Golden Valley Electric Association, Inc., a member of the ARECA Educational Foundation, is helping to organize the auction. We ask that all auction item donations be sent directly to GVEA at the address listed below. This year all auction items will be on display throughout the meeting for advanced viewing and our auctioneers will be Rick Schikora of Golden Valley Electric Association, Inc. and Jim Posey of Anchorage Municipal Light & Power.

All auction donors will be recognized!

Name of Utility or Company as to be listed in catalog: _____

Contact Name: _____

Phone Number: _____ E-mail: _____
